

# ALLIES ADMIT DEFEAT

## Britain's Loss in First Engagement 2,000

### WAINWRIGHT MAN IS ARRESTED FOR CRAWFORD MURDER

N. G. Cook, Lumber Merchant,  
Charged With Mysterious  
Killing.

### DECEASED FOUND IN WELL NEAR THE TOWN

Causes Sensation and Trial  
Will be Watched With  
Much Interest.

T. G. Cook, manager of the Imperial  
Lumber company, Wainwright, was ar-  
rested Monday by the mounted police  
and brought to Edmonton in connection  
with the mysterious Crawford murder.  
He appeared before Inspector Jennings  
yesterday morning and was remanded for  
four weeks. Cook is charged with the  
crime and is being kept under close  
guard at the mounted police barracks.

According to the authorities, Cook is  
a young man and possesses a wonder-  
ful nerve. He was arrested in his own  
office at Wainwright, but had nothing  
to do with the officers.  
It is now some months since Craw-  
ford, also a lumber merchant in Wain-  
wright, was found dead in a deep well  
on Cook's farm, some three and a half  
miles out of the town. The mounted  
police detectives on the work, and Chief  
Detective Nicholson was also  
detained in the case. All clues and  
there were many, were traced, with the  
result that Cook was arrested. His  
arrest caused a great sensation in  
Wainwright, as he was a well known  
business man there.

The case will likely be tried in Ed-  
monton, unless it is thought the ex-  
pense would be too great. In which case  
it would be held at Wainwright. There  
are a great many witnesses to be called,  
and the expense of bringing them to  
Edmonton would be great. The case  
will no doubt be watched with interest.

### HOSPITAL WRECKED IN ANTWERP; BOMBS DROPPED BY ENEMY

Almost Panic When One Lights  
Near Palace of King Kill-  
ing Seven

### INDIGATION IS INTENSE AT ATTACK ON HOSPITAL

Many Houses are Half De-  
molished and Six People  
Injured.

London, Aug. 25.—A despatch from  
Antwerp says the Zeppelin which was  
attacked before it was brought to earth  
exploded in dropping seven or eight  
bombs into Antwerp. One of the houses  
wrecked by these missiles was situated  
only 70 yards from the palace of King  
Albert. Seven persons were killed and  
six seriously injured by this explosion.  
Other houses were half demolished  
by the falling bombs.  
One bomb partly wrecked the hos-  
pital of Saint Elizabeth but fortunately  
there were no patients in the building.  
The bombs exploded with great force  
and threw the inhabitants of Antwerp  
into a state bordering on panic.  
There is intense indignation in An-  
twerp at the attack upon the hospital,  
which was flying the red cross flag.

### STATED THAT AUSTRIAN TROOPS ARE MASSED ON THE ITALIAN FRONTIER

(Capital Landed Wire)  
Rome, (via Paris) Aug. 25.—(4:45  
a.m.)—The Securo says that with-  
standing the denials of the Austrian  
government, the Italian frontier. The  
movements were discreet at first, but  
colours from Vienna in the last 48 hours  
showed that German troops this morning  
attacked Malines, and after a fight  
which lasted four hours, were driven  
out by the Belgians.  
The paper adds that the Germans  
are also 10,000 Austrian troops at Inns-  
bruck.

### CANADIAN NORTHERN IS NOW RUNNING DAILY TRAINS TO VALCARTIER

The Canadian Northern railway yes-  
terday inaugurated a new train ser-  
vice in the east, running between Tor-  
onto and the Valcartier military camp  
via Ottawa and Quebec. The service  
is daily except Sunday, while between  
Ottawa and the military camp, via  
Quebec, it is every day. The Canadian  
Northern is the only railway running  
to Valcartier, where the Canadian ex-  
peditionary force is now training, pre-  
paratory to their embarkation for Europe.  
The trains have electric heated day  
coaches, standard sleepers and cafe-  
parlor cars. They leave Toronto at 9:20  
a.m., Ottawa at 7 p.m. and arrive at  
Valcartier, 15 miles from Quebec, at  
10:25 the next morning. Westbound  
they leave Valcartier at 4:45 p.m.,  
Quebec at 5:30 p.m., Ottawa at 12:15  
the next noon and arrive in Toronto  
at 9:15 p.m.

### FORTIFICATIONS AT CATARO DESTROYED SURRENDER EXPECTED

(Capital Landed Wire)  
Bulletin—Rome, Aug. 25. (via  
London, 3:10 p.m.)—A despatch  
to the Corriere d'Italia, from  
Antivari, Montenegro, says that  
the fortifications of Cattaro, the  
Austrian sea port in Dalmatia,  
on the Adriatic, have been com-  
pletely destroyed and that the  
Austrian commander is now  
parleying for terms of surrender.  
The bombardment of Cattaro  
conducted by a fleet of allies.

### FEARED MORE BAD NEWS WILL FOLLOW CAPTURE OF NAMUR

Prepared for Ebb and Flow  
of War, But Not for Yester-  
day's Shock.

### NEVER SHEATH SWORD TILL GERMANY BEATEN

Battle not Over Yet, and Ger-  
mans May be Kept Out  
of France.

(Capital Landed Wire)  
London, Aug. 25 (1:15 p.m.)—  
“Yesterday was a day of bad news and  
we fear more bad news will follow.”  
The London Times says today in an editorial  
on the fall of Namur.  
“In the first phase of the great bat-  
tle,” the paper continues, “the Germans  
appear to have won ground all along  
the line save in the area held by the  
British. We were prepared for the  
ebb and flow of conflict but not for the  
fall of Namur. We have to face this  
situation with unshaken confidence.  
We have to remember that the battle  
is not yet over, the Germans have not  
yet burst their way through to France.  
We have to remember that this is only  
the first great encounter of a war  
which plainly is destined to be a long  
one. For the allies it is a phase, for  
the Germans it is vital. They are dealing  
their blows with tremendous vigor, but  
the issue in Belgium still hangs in the  
balance in spite of the events at  
Namur.”  
“Whatever be the upshot, Great  
Britain and her allies will face the out-  
look with dogged determination and  
continue the war until the spirit of  
Prussian militarism is rooted out of  
Europe.”  
“Time fights on the side of the allies.  
With the Germans it is neck or noth-  
ing, but the French and English have  
everything to gain by waging a delay-  
ing war. While the issue remains un-  
certain we may still maintain the  
stoutest hope. Should it go against us  
we may remember that the allies have  
not, like Germany, started all up in a  
first venture. Our ultimate success is  
certain and we will never sheath our  
sword until Germany has been finally  
beaten to her knees.”

### BELGIANS REPULSE GERMAN ATTACK ON TOWN OF MALINES

Bulletin—London, Aug. 25. (6:10 p.m.)  
—In a despatch from Antwerp the cor-  
respondent of the Exchange company  
says that German troops this morning  
attacked Malines, and after a fight  
which lasted four hours, were driven  
out by the Belgians.  
“The Belgians pursued the Germans  
in the direction of Vilvoorde.”

### Kaiser Offers Decorations

Berlin, Aug. 25.—(via Copenhagen  
and London) (4:13 p.m.)—Emperor  
William has offered the decoration of  
the Iron Cross of the second and first  
class on Crown Prince Frederick Wil-  
helm and Duke Albrecht of Wuertemberg.  
He has conferred also the Iron Cross  
decoration of the second class on his son,  
Prince Oskar.

### BAKING BREAD FOR BATTLING HOSTS

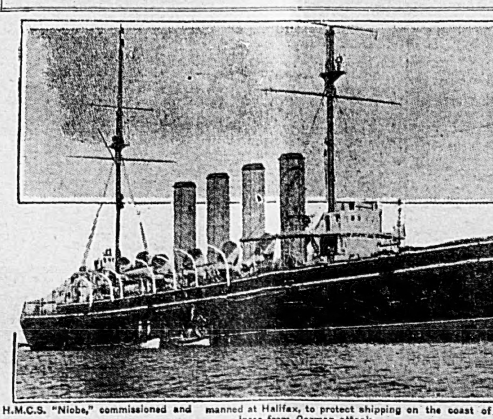

Unbaked bread, for making "the staff of life." Following German troops on their way to France.

### ANOTHER EXPEDITIONARY FORCE TO BE ORGANIZED

(Capital Landed Wire)  
Ottawa, Aug. 25.—Another expedi-  
tionary force is being organized by the  
Canadian military authorities. The  
first army division of 22,000 men will  
be on troop ships crossing the At-  
lantic by the middle of next month.  
Before they land in Europe, the mobi-  
lization of another force will be al-  
most accomplished. The thing is be-  
ing practically forced on the Canadian  
military authorities by the develop-  
ment of military spirit in Canada.  
When the call for men first went out  
there appeared to be reluctance at some  
points in the response. However, by  
the time the troop trains began mov-  
ing the desire to enlist had almost be-  
come epidemic. Men clutched on the  
train and refused to be put off, as  
a result, there will be about 30,000  
infantry in camp at Val Cartier  
instead of the 20,000 which was  
sought.

This unusual rush of infantry has in-  
terfered somewhat with the movement  
of artillery to Val Cartier.

### CANADIAN CRUISER GUARDING NOVA SCOTIA COAST.

H.M.C.S. "Niobe," commissioned and manned at Halifax, to protect shipping on the coast of the Maritime prov-  
ince from German attack.

## CONCENTRIC ADVANCE OF ALL GERMAN ARMIES TOWARD PARIS IS PROBABLE

### Report from Berlin Says General Joffre's Army Crushing Defeated

—Stated 10,000 French are Taken Prisoners, Many Guns, En-  
signs and Some Generals—Greater Part of Belgium-French  
Frontier in the Hands of the Kaiser's Troops.

Paris, Aug. 25.—(3:05 p.m.)—The following official an-  
nouncement was made public here today:  
“The German offensive movement in the north, which was  
stopped yesterday, appears today to have been resumed.  
“The enemy, however, is being held back by a French army  
acting in conjunction with an English army and a Belgian army.  
“The armies of the allies surprised the enemy and drove back  
their advance detachment. The allies have gone beyond Maline.  
“The Belgian army came from Antwerp.  
“In Lorraine, after the counter-attacks of yesterday, the right of  
the French forces withdrew today to the River Moselle, which is a  
continuation of the Meurthe, from Lunéville to Nancy.  
“In Alsace French troops repulsed a number of German attacks  
directed against Colmar.  
“The report of the recapture of Mulhausen by the Germans is  
without foundation. Moreover the theater of operations in Alsace  
is becoming of secondary importance.”

### Advance on Paris Probable.

Washington, D. C., Aug. 25.—A concentrated advance of all the  
German armies toward Paris is probable, the Semois river, Longwy  
and the greater part of the Belgian French frontier being in German  
hands, according to a wireless despatch to the German embassy from  
its foreign office, received today via Sayville, Long Island.

It says: “The German troops facing the French troops de-  
feated them in a battle from August 17 to 21. Numerous en-  
signs, more than 150 guns and 10,000 prisoners have been captured. Luné-  
ville has been taken and the army of General Joffre, broken up, is  
no more capable of action. The German crown prince's army has  
chased the French west of Longwy. The army of the Duke of Wuer-  
temberg, marching through Belgium, has crossed the river Semois  
completely crushing the advancing French army. Numerous guns,  
ensigns and prisoners and several generals were captured. The Ger-  
man troops advancing west of the river Meuse toward Maubeuge de-  
feated an English cavalry brigade. The river Semois, Longwy, and  
greater part of the Belgian French frontier are in German hands. A  
concentric advance of all the German army toward Paris is probable.”

London, Aug. 25.—(3:10)—Premier Asquith announced in the  
house of commons this afternoon that Field Marshal Sir John French,  
commander of the British expeditionary force on the continent, estimates  
the English loss in the battle in south western Belgium at 2,000.  
Namur, the Belgian fortress has fallen into German hands, ac-  
cording to an announcement made by the official press bureau in  
London. Details of the fighting around the fortress were not given  
but the English newspapers regard the fall as inexplicable. Berlin  
despatches say five of the forts of Namur and the city itself have fallen  
and the capture of the remaining four forts is imminent. A reverse  
to the forces of the allies is generally admitted by the English and  
French newspapers which say:  
“Today's news is decidedly bad” while plainly expressing dis-  
appointment at the failure of their forces, they declare retrograde  
movement toward the line of strong defensive works the frontier has  
been carried out in good order.

It is assumed that the allies are falling back on their first  
line of defensive works running from Maubeuge, in a southeasterly  
direction by way of Hirson, Mezieres, Comtigny, Verdun, St. Mi-  
le Tul and Epinal, all of which are strongly fortified, and are interspersed  
with smaller works such as Ayeville, Genicourt, Troyon, Lesparoches,  
Lianville, Gironville and Joux-Sous-Les-Cotes. Behind these lies an  
other strong line of fortifications from St. Quentin in the north  
through Loos and Reims to the great entrenched camp at Chalons.  
The English newspapers declare that both the English and Rus-  
sians are determined to fight to a finish, “whatever the outlook may  
be at present.” They say the possession of Namur will be vital for  
Germany and that it “was a fine stroke for the Germans to have  
ruined the place under the eyes of the allied armies.”

In other parts of Belgium fighting is still in progress and a re-  
port from Ostend says 30,000 Germans have attacked Malines, 13  
miles from Antwerp.  
Charleroi has also been the scene of hot fighting this time be-  
tween the French and German troops and a fresh encounter is be-  
lieve to have begun there today.  
Twenty-five thousand Germans have been surrounded between  
Courtrai and Anseghem, according to an Ostend despatch, to the  
London Daily Express.

Brussels has been left by the main body of German troops who  
have proceeded on their way to the front.  
Russian reports relate the advance of the Russian armies in  
eastern Prussia and the surprisingly rapid movement of the troops.  
Russian officials, however, caution against feeling too great  
elation over the preliminary successes, pointing out that the German  
territory about the Vistula is strongly fortified along the Russian  
forward march.

Newspaper despatches assert that the Austrian fortified port of  
Cattaro, Dalmatia, has been destroyed by the allied fleets.  
Despatches from the Serbian provisional capital Nish, record  
the victorious offensive movement of the Serbians and Montenegrins  
against the Austrians who are said to have suffered very severely. A  
Swiss business man reports the garrison of Strassburg to have sus-  
tained an appalling total of casualties at Schirmeck whereof 5,500  
Germans, who went into the engagement only 1,800 returned.

# FORTIFIED CITY AND FIVE FORTS CAPTURED BY GERMANS; SAD FALL OF OTHER STRONGHOLDS IMMINENT

Serious Reverse, But Makes People in Old Land More Determined Than Ever to Finally Overthrow Europe's War Load—News Unexpected and Inexplicable, says Times, Will Need a Deal of Explanation—Possession of Town Vital for the Enemy, and May Mean That They Will March on to French Capital.

(Capital Leased Wire.)

**BULLETIN—Berlin, Aug. 25.**—(By Wireless to the Associated Press by way of Nauen, Germany and Sayville, Long Island)—An official announcement made public here today says that the city of Namur and five of its forts have been captured by the Germans. The bombardment of the other four forts continues and their fall seems imminent.

Official Announcement Made.

**BULLETIN—London, Aug. 24.**—(3:52 p.m.)—The official war information bureau says:

"It is announced that Namur has fallen."

The above despatch as indicated was filed in London at 3:52 o'clock Monday afternoon and received in New York at 6:10 o'clock this (Tuesday) morning. Its transmission was probably delayed by the censor.

Fighting Stems Friday.

London, Aug. 25.—(7:50 p.m.)—Beyond the bare statement made late yesterday afternoon that it was announced that Namur had fallen, the official war information bureau has issued nothing on the subject. It is not yet known definitely here whether the fall refers to the town or the forts, or both.

A despatch to the London Express from Ostend says:

"A great battle has been in progress in the province of Hainault, on the southern frontier of Belgium, since Friday evening. French and British troops have been engaged in desperate conflicts north of Charleroi and Fleurus with Germans who crossed the Meuse at Huy. Saturday the French troops, which had spread from Lille, Methe German right, in East Flanders."

Are Attacking Malines.

London, Aug. 25.—(4:45 a.m.)—A despatch to the Times from Ostend, sent today, says that 30,000 Germans are attacking Malines, a Belgian city 13 miles south east of Antwerp. Skirmishing is general in northwest Flanders.

Will Need Explanation.

London, Aug. 25.—(5:15 a.m.)—Commenting on the fall of Namur before the Germans, the Times says it is one of those inexplicable events which makes the war the gamble that it is. That Namur should have fallen in two days, will require a deal of explanation, the Times adds.

May March On Paris.

Commenting on the loss of the Belgian stronghold the Chronicle says:

"The news today is decidedly bad," adding that if the allies' losses have been heavy "we may yet see before long the Germans marching upon Paris."

"Namur is a fortress of great strength which its defenders could possibly hold several months. We do not imagine that it was taken by a rush. More probably a breach made elsewhere in the lines of the allies imposed on them the alternative of leaving a large force to be invested in Namur or withdrawing from it altogether."

"The blunt fact remains that in a really first class battle the French troops occupying a secluded position of singular strength were driven out by the Germans after not more than two days fighting. This speaks volumes for the power of the German attack."

London, Aug. 25.—The correspondent at Antwerp of the Evening News telegraphs that a Zeppelin airship, which flew over Antwerp last night was brought down by Belgian artillery fire in Henikam.

Outlook is Not Favorable.

"England and Russia must stubbornly resist that come what may to France they will never surrender to Germany, but will stick to her as they stick to Napoleon until they pull her down. As long as we hold the sea we cannot ourselves be vitally struck."

The Time's military expert says that it is clearly to say that the line of the Meuse south of Mezieres must be abandoned, but the outlook is not favorable and the development of the situation in the next few days will be watched with legitimate anxiety. "There are reports that the townspeople and even the garrison of Namur were less well disposed than the men of Liege to offer a strenuous resistance and so bring upon their town the punishment meted out by Germans to Liege. There undoubtedly is some slight feeling among Belgians that they have not been adequately supported by the allies and that they have borne the whole brunt of the war in the north, but we cannot believe that the Belgians did less than their duty, and we expect to hear that they were attacked by overpowering numbers."

"The possession of Namur was vital for Germany and it was a fine stroke for the Germans to have rushed the place under the eyes of the allied armies. We still hope and believe that our counter-offensive in the north is not postponed and not abandoned."

Reviewing the general situation the Times military expert points out that the allies in Belgium are getting the full shock of the German attack. He says that it is essential for Germany that she should deal a paralyzing blow in this quarter in order to gain time to detach troops to resist the Russian attack on the Prussian frontier.

Operating on Both Sides.

London, Aug. 25.—(11:15 a.m.)—The Central News circulates a despatch from Paris saying that an official communication given out in that city declares that German cavalry men belonging to an independent division are operating on the extreme right and on the extreme left of the position of the allies.

Aug. 24.—The United States Steamship Corporation, Standard Oil company, and the United Fruit company have notified the government of their intentions to put their fleets under the American flag, under the new law extending home registry to foreign built craft.

### Fortifications Are Strong

The fortifications of Namur and Liege formed the finest examples of the work of the famous Belgian military engineer, General Henri Alexis Dreyfus, whose reputation was world wide.

The defensive works of Namur were not so strong as those of Liege but the position of the city was much better for military purposes. The forts are also in a better position. The four important being St. Servat, Audoy, Saurle and Cognelle, while the connecting forts of less strength are Duvy, Malinche, Malonne, Marchevotte and Emme.

All are protected by hardened steel turrets, generally eight feet in diameter, and the artillery consisted of modern heavy disappearing guns and is very powerful.

## GERMAN DEFENCE EAST RUSSIA WILL BE HARDLY WERKHOE

Country is Full of Fortifications Mostly Suited With Heavy Guns.

DEFEAT OF TUETONS IS CONVERTED INTO ROUT  
Nine Russian Cavalry Squads Repulse Whole Austrian Division.

(Capital Leased Wire.)

London, Aug. 25.—(4:30 a.m.)—A despatch to the Daily Mail from St. Petersburg says:

"The German defence in East Prussia is based on four parallel and strongly fortified lines, running north and south. Each is supported by nature, and the foremost three lines are distinct groups of numerous lakes, the fourth and strongest defence line is the Vistula river, extending from Russian frontier to the Baltic."

"On the whole these defence lines the Germans have on the northeast the very strong fortress of Konigsberg with fortified advance line at Wehlin. This is situated on the flank of the Russian lines and must be elevated, necessitating the detachment of a considerable force."

"The foremost three defence lines are extensively fortified. The second line is a series of lakes, leaving only comparatively narrow gaps for the advancing troops. The country is full of fortifications, partly provisional and partly field, and many of which are armed with heavy guns. A front attack would be a very difficult task."

**Vistula Strongly Guarded**  
 The Vistula from 500 to 1,000 yards wide, has been fortified at its largest area at Thorn in the south at Danzig in the north. Between them are Bromberg, Kalisz, Gdansk and Marienburg."

"A man entitled to rank among the first as an organizer of victory is compelled to remain far from the battlefield. He is General Zoukhomlinoff, the Russian commander, who is reorganizing the Russian army. Through him the armies have been irreparably equipped and the spirit of the men as the same as the spirit as the nation."

**Converted Into Route**  
 "The defeat of three German army corps in northeastern Prussia was converted into a route by the timely arrival of another army, coming from Warsaw in the rear of the enemy's position. The Warsaw army, which was very powerful, completely turned the German position at Masur lakes and while the German army was retreating, a wide front Western, headed towards Allenstein. The German 26th army corps was broken up and the German crackers. The commanders of both Russian armies acted with energy and promptness for they are the brain dominating the whole army."

"In Galicia, the theater of Russian strategy will be on a level with the victorious plan adopted farther north. The Austrians in Lemberg probably had to be taken in a similar way. This may be inferred from the fact that one army has reached the Rata, to the north of Lemberg, and the other is advancing from the southeast, as is shown by the fact that nine Russian cavalry squadrons have been sent to the Austro-Hungarian cavalry division at Plukhov."

Force Probably Cut Off

"The Austrian force retreating from Vladimir Volhynsk, Russia, 17 miles from the frontier, towards the east in Galicia, Austria, probably has been cut off. Grand Duke Michael, the emperor's brother, has been reported as abroad, and is going to the front."

The Russian embassy in London, while pleased with the Russian victory, states that it feels bound to warn the English press not to exaggerate the consequences of the victory.

**FRANCIS JOSEPH SIGNS DECREE THAT CAPITAL PREPARE FOR DEFENCE**

Paris, Aug. 25.—A Foreigners agency despatch from Rome says that official messages from Vienna state that Emperor Francis Joseph has signed a decree ordering the capital to be put in a state of defence.

Travelers from Trieste state that the Austrians are concentrating for the defense of the city. The Italian fleet, all the Austrian fleet, under the new law extending home registry to foreign built craft.

## ECZEMA ON FACE, SCALP AND HANDS

Came Off in Scales. Itched Badly. Had to Tie Hands. Little Watery Pimples. Cuticura Soap and Ointment Completely Cured.

1507 Davenport Road, Toronto, Ont.—"My eczema first started when I was a baby, on my face and scalp. It seemed dry and when I scratched it, it came off in scales. It itched very badly and I was obliged to have my hands tied up so as to prevent scratching my face. Little white watery pimples came on my hands and face and I had to stay home from school for nearly two weeks. It seemed my face and hands to look badly. The eczema took a very bad form, appearing on my face in little watery scales so bad that I could hardly bear to be touched. My hair being naturally very thick I found to be getting thinner and wondered what could cause it to fall out. "My mother tried—and—and—and spent no end of money trying to get me better but it did no good. At last a friend recommended Cuticura Soap and Ointment and my mother used them. We applied the Cuticura Ointment to my face, head and hands and washed with the Cuticura Soap and the eczema began to disappear. Three months had passed I was completely cured." (Signed) Miss Constance Jane, May 26, 1913.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skin, itching, scaly scalp, dandruff, dry, itchy, falling hair, chapped hands and shapen nails, that it is almost criminal not to use them. A single application sufficient. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a full free sample of each, write to: Cuticura, Corp., Dept. D, Boston, U. S. A.

## ALBERTA GOVERNMENT'S ELEVATOR LEGISLATION UTILIZED BY FARMERS

That the farmers of the province of Alberta believe in the cooperation of elevator legislation passed by the provincial government is of use to them for the reason that they are not only utilizing the law but also the fact that last year 51 elevators were built by the farmers under the plan which provides that the government advance to the cooperative company 50 per cent. of the cost of the elevator, taking as security a first mortgage on the plant.

This year, partly, perhaps, because of the financial depression, but mostly for the reason that the government is more strictly supervising the matter, the number built for only 25. The government believes that in districts where mixed farming is now, or is likely to be, the chief branch of agriculture carried on, few, if any, elevators should be built; also, that elevators should not be built to closely together, and that there is need for elevators the government is ready and willing to help with their erection, according to address read at the department of agriculture.

The elevators erected this year and ready for the receipt of this year's crop are situated as follows:

No. 61 at Port Saskatchewan, 52 Chalmers, 53 Irma, 57 Edson, 58 Arma, 59 Bushaw, 60 Delburn, 61 Three Hills, 62 Hardisty, 63 Amisk, 64 Camrose, 65 Leduc, 66 Hinton, 67 Highland, 68 Richards, 69 Cereal, 70 Youngstown, 71 Excel, 72 Oyen, 73 Sibley, 74 Hays, 75 Cayley, 76 Travers, 77 Oils, 78 Red Deer.

All the elevators are built of galvanized iron on concrete foundations and are equipped with gasoline engines and are equipped with elevators.

With the exception of Oils and Red Deer, they are all 21-bushel elevators with a capacity of 35,000 bushels, and the cost of each was \$7,100. The Oils elevator is a 15-bushel one, with a capacity of 50,000 bushels, and cost \$14,000. The Red Deer one has 14 bins, with a capacity of 25,000 bushels and cost \$4,250.

## RAILWAY MAGNATE SAYS TRADE CONDITIONS IN CANADA NORMAL SOON

Winnipeg, Man., Aug. 25.—Sir Donald Mann, vice-president of the Canadian Northern railway, spent an hour in the city today, after which he went on an inspection trip. He was accompanied by M. H. McLeod, general manager. Sir Donald expects a quick movement of the crop this year with a fairly good yield at all points along the line. He considers that business conditions are withstanding the effects of the war in wonderful shape, and that as soon as the situation clears up a little in Europe, Canada will enjoy normal trade conditions.

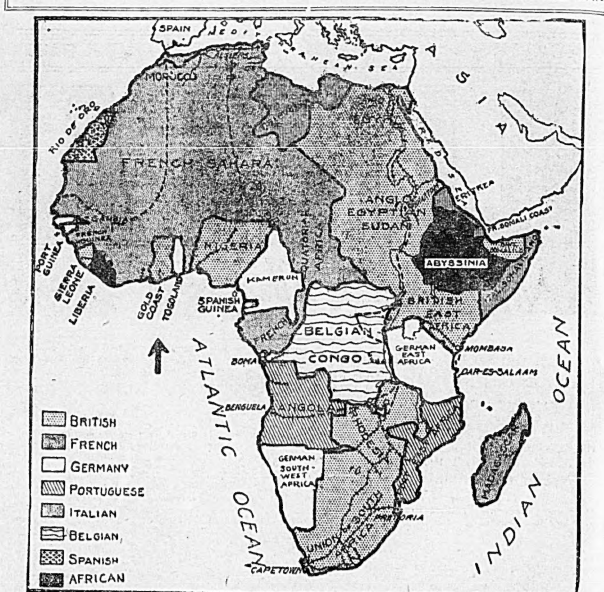

## FORTIFICATIONS AT CATTARO DESTROYED BY ALLIED FLEETS

Bulletin—Milan (via Paris, 5:25 a.m.) Aug. 25.—A news despatch from Cattaro says that all the fortifications there have been destroyed by the allied fleet. The Austrians did not make time before the attack to strew the Gulf of Cattaro with mines.

## DODDS' KIDNEY PILLS

OTTA, Aug. 25.—The naval department has been appointed to a shore station at Esquimaux. Captain Corbett will be placed in command of the ship when completed. The ship is now in commission for active service. Captain Corbett, who is in command of the ship, is now in command of the ship. The ship is now in commission for active service. ## THE AFRICAN CONTINENT, WHICH WILL PROBABLY BE CHANGED AFTER THE WAR

When the war clouds of Europe are dispelled and the last shot in the conflict now raging has been fired the re-arrangement of boundaries and frontier lines will not be confined to the continent of Europe. With the exception of Austria-Hungary and the Russian Empire, all of the principal nations involved in the great struggle have colonial possessions, protectorates and dependencies, which are scattered all over both hemispheres.

The redistribution of many of these possessions consequent upon the success of the arms of either the Triple Alliance powers or those of the Triple Entente will entail great changes in the map of the world. The most radical changes will probably be made in Africa, whose map presents a remarkable picture of the juxtaposition of protectorates and colonies belonging to Great Britain, France, Italy, Belgium and Germany.

Great Britain's colonies and protectorates include the whole of Africa, possessions in Africa, India, China, South America, the West Indies, the

North Atlantic, the Pacific and the Indian Ocean. Germany has colonies in Africa, China and the Pacific Ocean. While several of the foreign holders of the bays engaged in war are without adequate military strength, few of the principal possessions of Great Britain and France are unprotected.

In Africa British interests are paramount in Egypt by agreement with France at the beginning of the century. France has a protectorate over Morocco by agreement with England. Her Algerian possessions facing the Mediterranean are bounded on the east by Tripoli, an Italian dependency. On the Red Sea and contiguous to Egypt is the Italian dependency of Eritrea. On the African coast between British Somaliland, Italian Somaliland, British East Africa, German East Africa, Portuguese East Africa and the eastern portion of British South Africa.

The entire southern part of the African continent comprises the British South African union, which embraces Rhodesia, the Transvaal, the Orange River Colony, Natal and Cape Colony.

On the west coast from British South Africa there are German Southwest Africa, Portuguese West Africa, the Belgian Congo State, French Congo, German Kamerun, the Niger Territory, British protectorate, French West Africa, German Togoland, British Gold Coast and the Ivory Coast, a French possession.

It is in Africa that the most radical boundary changes are likely to be made after the war.

Concerning the armed strength of the colonial possessions of Great Britain, in the union of South Africa there are about 10,000 regular troops and 5,000 auxiliary troops, including the burghers of the Transvaal and the Orange River Colony. In the Empire of India there are about 80,000 English and 150,000 native troops. The Commonwealth of Australia has a military force of 175,000 men.

The French army in northern Africa is about 95,000 strong, of which force 25,000 are natives. In Algeria she has about 25,000 men, and 17,500 in Tunisia.

On the west coast from British South Africa there are German Southwest Africa, Portuguese West Africa, the Belgian Congo State, French Congo, German Kamerun, the Niger Territory, British protectorate, French West Africa, German Togoland, British Gold Coast and the Ivory Coast, a French possession.

## AUSTRIANS FLYING FROM SERBS: DEATH LIST IS ENORMOUS

Are Being Vaccinated to Prevent Typhoid Fever—Not Compulsory

TAKE ON RED CROSS SUPPLIES AT "PEG" Ovations of First Day's Trip Being Continued East of Manitoba.

(Special to Capital) By Major Harry Watts

Schreiner, Ont. Aug. 25.—Major Anderson was in command at Winnipeg where we took on a box of Red Cross supplies. Doctor Reid was busy on train No. 1, inoculating against typhoid. He promised to join us at Kenora, but failed to do so as he has his hands full with the first contingent. Inoculation is advisable but not compulsory. Cold night with heavy white frost at 10 o'clock at night. The train hands gave us steam as we were quite warm. Health and spirits excellent. At Port William we were joined by Dr. Reid and his two aides. Minor cases of indisposition were made "comfy" in an improvised hospital. Commanding officer comments favorably on his inspection on appearance and behavior of men. Ovations of yesterday were continued along the route.

Commanders of Two Divisions are Killed; Quay at Tokio Blown Up.

(Capital Leased Wire) London, Aug. 25.—(5:40 a.m.)—The Nish, correspondent of Reuters Telegram company telegraphs as follows: "After the great victory by our army our forces are vigorously pursuing the enemy along the whole of their front. The latter made no resistance but fled with the greatest haste."

"The enemy's casualties were enormous. According to information obtained up to the present the 21st, the 11th, the 16th and the 28th regiments were completely wiped out. The commander of the 21st division was killed. The commander of the 11th division of the Japanese Landwehr was killed. The Austrians destroyed our quay at Tokio."

Illinois produces 27 bushels of corn per acre on an average.

## SERVIAN TROOPS HAVE RE-OCCUPIED SABAC; NO ENEMY IN TERRITORY

(Capital Leased Wire) Nish, Serbia, (via London, 2 p.m.) Aug. 25.—Serbian troops reoccupied Sabac (Sabatz) at 4 o'clock in the afternoon of Monday, August 24, according to an official announcement made today. The Austrians have been thrown back on the other bank of the River Sava and every bit of Serbian territory has now been cleared of the enemy.

The announcement adds that the retreating Austrians devastated Serbian villages and massacred the inhabitants. Sabac is on the River Sava, 27 miles west of Belgrade.

## ADDITIONAL SPORT

WANDERERS C.C.  
BEAT COLUMBIANSSTRATHCOMA C.C.  
WERE DEFEATED

In Saturday Cricket Match by Margin of 35 Runs—Was Good Game.

The Wanderers concluded their league program on Saturday with a match against the Columbians, and a pleasant sporting game resulted in a win for the Wanderers by 35 runs. Neither side was at full strength, but both were well represented.

As usual the Wanderers' captain led the team, but was given the advantage of first knock. One of the peculiarities of the game was that the Wanderers had the majority of captains winning the toss to send their opponents in to bat and one knock in with a logical reason for this departure from the conventional.

The Wanderers maintained their usual batting order and the innings was opened by Whitehouse and Chalk, the latter of whom left with 28 on the bat to which he had contributed 16. The retiring batsman had played very free cricket, and was out to a well judged catch in the long field in attempting a huge drive. The next three wickets fell rapidly, the fielding the Columbians at this stage and in fact all through being excellent, while the catch which demolished N. Lee was a fine effort.

Chalk offered a dogged defence until he was run out attempting a short one, the total then being 40 for five. With Johnson in runs came at a capital pace till Whitehouse, who was well set, was sniped at the wicket. With the exception of D. Lee, who played clean, forcible cricket and carried out his bat, the remaining men did little and the innings closed for 84.

West and Coburn were the opening batsmen for the Columbians, but only Coburn runs were regular while West burned offering a simple catch to point, which was accepted. Coburn seems to have a spell of bad luck this season and can't get going. We wish him better for he is an attractive batsman in many when set and a master of many strokes which a lot of more successful players will never learn.

Cross hit hard and often and did not allow a single run to pass him. He was badly let in the long field before he was hit by a ball from the bowler. He was hit by a ball from the bowler. He was hit by a ball from the bowler.

NATIONAL LEAGUE  
DEVELOPMENT OUTLOOK

They were a long time doing it, but that fact does not take anything away from the fact of the Boston Braves in making good for all those who had heard words to say for them in the press. The Braves, who were in the middle of the season, were in the middle of the season, were in the middle of the season.

It was everlastingly being said at it that finally brought the Braves out of the rack. They played with all the baseball skill and power at the opening of the season and simply could not lose their jinx.

Benefits McGraw. Incidentally, McGraw should extend Stalling's vote of thanks. It was while the Giants were showing signs of winning up and down the way that the Braves started on their rampage. McGraw's men were hammered and almost massacred in St. Louis, not they were through the Cubs series with a 5-0 break. It was an uncertain outlook, but the Braves were waiting teams that might have benefited by the Giant's position, and McGraw's lead remained intact.

But the Braves' pitching staff in its best form. Matty, Tereau and Marquard had hit the old winning game and the prospects appear rosy for McGraw.

With the old Macklin strength asserting itself, the Athletics have continued their way towards the pennant series away. Each uprising of other clubs has, in a measure, only served to lift up the Athletics a little higher.

It is history that a ball club doesn't win a pennant all alone. At some critical time another team arises up and tears the lining out of the nearest rival and the leader pulls away from the gap yawning without doing any more than holding a steady gaze.

In years gone back the old battle royals between the Cubs and Giants were hottest, the Brooklyn Dodgers could be depended on to give the Giants a lift at critical times. Though they might be hammered from pillar to post by other teams the Dodgers would sail into the Cubs with a charge needed games the most and rip off large strips of gore.

Washington likewise, was long the Nemesis of Cleveland. In the days when Washington was first in war, first in peace, and last in American football, and Cleveland was to be reckoned with Washington would always tear into the Naps like champions and shove them down just when the Naps were closing in on the Athletics. And it was Long Tom Hughes easy for other clubs, who could be depended on to mow them Naps down like wheat under a sharp scythe.

On the first Thursday in September, at 2:30 p.m., the third anniversary of the British mission rescue home will be celebrated. It is expected that Rev. G. McGowan, with Rev. Dr. W. L. Armstrong of Donaghue Church, Mrs. Arthur Murphy and others will take part.

This year has been the best in the history of the home. In all, between 2 and 30 inmates have been cared for, 21 babies having been born there during that time. Never has the institution been more needed or more blessed, and although feeling the pressure of hard times it was with gratitude the fact recorded that there is no alarming deficit in its finances.

The management would be deeply grateful to the owners of automobiles if they would, as many did last year, place their cars at the service of the mission on that afternoon, to convey those who wish to attend, to the home, as the street cars go only half way. Any one wishing to do this should notify Miss Chisham, phone 1093.

Finely finished English felt; have bound edges and leather sweatbands and smoke; just the thing band, shades are brown, fawn, for school wear and a real Ramsey Special ..... 75c

## PARIS NEWSPAPER SHOWS HOW KAISER PREPARED FOR WAR

First Orders Given Before Serbia's Reply to Austria Was Due.

## RAILWAY COMPANIES' WORK BEGAN EARLY

Local Mobilization and Commandeering Started on July 27.

Apologists for the German and Austrian governments have striven to fasten the responsibility for the war upon the Serbs. Certain tactical details, which have been published by the French newspaper, the Temps, go to prove that Germany's military preparations at the beginning. It will be remembered that the course of events was briefly as follows:

July 25 p.m.—The Austrian ultimatum was presented to Serbia.  
July 25, 5 p.m.—The Serbian reply was given and the Austrian minister quitted Belgrade.  
July 25—Austria, after some hostile actions, declared war on Serbia.  
August 1—Russia declared a partial mobilization.  
August 1—Germany declared war on Russia.

The Temps has shown that, while these events were in progress and during the course of negotiations represented as showing Germany's earnestness in the cause of peace, active military preparations were in full swing in Germany.

placed under military guard. On the same day all the measures concerning the preparation of fortresses were set out in regulations. Undergrowth was removed, wire entanglements set up, advanced batteries set in position, ammunition depots established. These measures were steadily continued from the 25th to the 27th.

On the morning of July 26 orders were given to the railway companies to distribute their engines and to clear the mobilization plan.

The evening of July 26 all men on leave were recalled and all troops engaged at the instruction camps or manoeuvre grounds returned to barracks.

On July 27 the work of local mobilization and commandeering began. The principal supplying establishments, in particular the most important flour mills, were occupied by troops.

On the same day, in advance of Austria's declaration of war, the German "covering troops" began to take up their position and all frontier roads were barred. It may be explained that the "covering troops" are special corporations on the frontier, which are kept unusually strong in peace time.

On the morning of July 28, the "covering troops" were brought up to their full strength and the covering troops were brought up to their full strength and the covering troops were brought up to their full strength.

## New Yorkers will colonize 15,000 Jews on western farms.

## DIARRHOEA AND VOMITING

## ATTACKED HER LITTLE BOY

## He was Cured by Dr. Fowler's Extract of Wild Strawberry

Mrs. Wesley Pringle, Robin, Ont., writes: "It was with great pleasure I can recommend Dr. Fowler's Extract of Wild Strawberry. When our little boy was 3 years old he had the worst attack of diarrhoea and vomiting I ever saw. We called in our doctor, and he came eleven times during the night, but still no change. We expected, when the doctor said of his suffering, that he was going to die, but he did not. He was going up town Tuesday night and was advised to try your great and wonderful medicine. He got a bottle, and about 9 o'clock the next morning he was given, and kept up as directed, and when the doctor came on Saturday he said, 'what a wonderful change. Why, your little boy is going to get better!' Then we told him what we had given him. He said, 'keep right on, he is doing well.' Often think, as I look at my boy growing to be a man, what great thanks I owe to Dr. Fowler's Extract of Wild Strawberry. It has been on the market for 67 years, so you do not experiment when you buy.

Insist on having "Dr. Fowler's." There is nothing "Just as Good." Write 35 cents for a bottle to The T. Millburn Co., Limited, Toronto Ont.

### EDMONTON IN BRIEF

The explosion of a lamp gave the fire brigade a run to a shack at 12015 Hastings street last night. The shack was owned by M. Chandler and considerable damage was done before the blaze was extinguished.

A collision yesterday afternoon at the corner of Jasper and Queens of an automobile and a bicycle, luckily resulted in injuries, although one light on the car was smashed and the rider of the bicycle thrown headlong over his wheel to the street.

Labor Day rates on the Canadian railways between all points from Port Arthur west, will be in effect September 1, with September 9 as the return limit. The rate will be one and one-third cents.

There will be a lacrosse practice of the north and south side teams at Diamond park on Wednesday evening at 7 o'clock. A large turnout is requested as it is proposed to select the team to go to Calgary for the Labor Day match.

A petition is being circulated by the mail carriers of the city, with the daily rounds, for a mid week half holiday during the summer months, the same as observed by the retail stores in the city. The move is considered by nearly all to be a worthy one and carriers are getting an excellent response to their petition, as it will not be required to take effect until next summer.

The members of the Catholic Women's league invite the public to attend a tea to be given on the premises of the league, 222 1/2 Fifth (10th) street, from 2 to 4, Wednesday afternoon. All members of the league are asked to be present and to bring their friends, the idea being to make the afternoon informal and pleasant for all.

The second contingent of 500 men for the 10th Hussars will leave the city Thursday. Recruitment has been going steadily on, and already nearly 200 men have enlisted. Orders have been received by Lieut-Col. Colborne to enlist as many men as possible. Applications should be made at the armory where medical officers are on attendance. The detachment of the 10th Hussars, 290 strong, will leave the city Wednesday. All horses have been purchased and are now on their way to the city.

Eight members of the city letter carrier's staff were on Saturday presented with a useful kit-bag, well filled, by their fellow employees, before leaving for the front. The bags contain all sorts of useful articles that will come in handy when away from home. A. J. Campbell, on behalf of the carriers, made the presentation, and Postmaster George S. Armstrong spoke a few words of useful advice to the men as to how they should conduct themselves while abroad. B. Collier replied to both parties.

With the true spirit of patriotism, Manager A. J. Dodman of the Hudson's Bay company in this city has announced that all who enlist in the army for service during the present war will find their positions open for them on return from scenes of conflict. When it was first announced that Edmonton would be required to furnish a detachment of 500 men to the front, Mr. Dodman proved his spirit of loyalty by supplying a number of men in the Prince Patricia regiment with blankets free of cost to the men.

A message by cable was received yesterday from the French minister of the Interior, stating that he had joined his regiment in the front line.

William Shields, a resident of the south side, has accepted the position of city organizer and sales manager of the Sprink Company of New York, and Mrs. Shields has been appointed principal and manager of the company in connection. Mr. and Mrs. Shields will make their home in Albany, N. Y. Mr. Shields has been a point just west of the low level bridge. Demonstrations will be given from time to time to familiarize those interested in the department.

The Edmonton branch of the Theosophical society meet in the city hall block, every Tuesday evening at 8 p.m. The subject tonight is "War from the Theosophical Standpoint." All are welcome.

The industrial commissioner's office on Monday gave information to prospective settlers who appeared personally in the office of George M. Hall. All of them were sent out into the country to inspect improved farms and lands open for entry and expressed their determination to locate there. They were all possessed of means either to purchase land or to finance themselves in homesteading, and they all came to Edmonton on information which had been furnished to them through the city industrial department.

Edmonton exhibitors of poultry took home many prizes from the Vegreville and Camrose fairs, held last week. About 50 birds from the city and immediate district were shown, but there was keen competition, a total of about 50 exhibitors being made. Among the winners from Edmonton were A. R. Gillies, Clover Bar, who won 19 first, 19 seconds and six last prizes; and about the same number at Vegreville; and J. C. Longmore, whose White Wyandottes took seven first, five seconds and two thirds; R. B. Hunter, who has brought home seven firsts, four seconds and two thirds, with his Buff Rocks; James Graham, Hiram Ferry and W. M. Moore.

CAPITAL FINDS FIRST  
MAN FOR GEO. HALL'S  
MATRIMONIAL BUREAU

As a result of the news item which appeared in the Daily Capital yesterday, stating that Industrial Commissioner George M. Hall had received a letter from a merry widow in Oregon asking him to locate a suitable Sunny Alberta husband for her, a search side by side was written to the Capital offering himself as a candidate. "This gentleman wishes to get the lady's name and address 'in view to immediate correspondence'." He believes that he can offer the Oregon lady the love and companionship she desires. His name and address has been given to Mr. Hall.

### SWEEPING CUTS ADVISED BY CIVIC EMPLOYEES

Special City Council Committee Finally Gave Down To Business.

FAVORS RESTORATION  
OF SALARIES LATER ON  
Mayor McNamara Gives Half  
of His Yearly Salary to Charity.

The special committee of the city council advised to devise ways and means for reducing the city expenses, met on Tuesday morning. Alderman Sheppard being absent. After considerable discussion the committee decided to recommend to the city council Tuesday night that the salaries of all employees of the city be reduced according to a graduated scale submitted by the commissioner of finance.

The committee of the city council, which was reduced to five members, met on Tuesday night. The committee decided to recommend to the city council that the salaries of all employees of the city be reduced according to a graduated scale submitted by the commissioner of finance.

It was the unanimous sentiment of the committee that if no action should be taken, when normal times are returned, a resolution should be passed by the city council, providing for the repayment to employees of the full amount that might accumulate by reason of the reduction of salaries.

Regarding his own salary the reduction of which he maintains is not with in the limitations of the powers of the special committee, Mayor McNamara offers to give half of his salary of \$5,000 per year to charity.

According to the schedule, the city commissioners are not to be actually reduced in salary, but are to receive the city 40 per cent of their salaries, leaving them a net balance of \$250 per month each.

Other important reductions are: R. English, secretary to the board of city commissioners, \$200 down to \$160; A. J. McLean, inspector, \$250 down to \$185; John C. P. Brown, city solicitor, \$150 down to \$125; J. J. Colborne, treasurer, \$250 down to \$185; W. J. Todd, secretary of the new charter committee, \$225 down to \$150; E. K. Cox, city clerk, \$200 down to \$160; A. Russell, deputy city clerk, \$175 to \$144; A. N. Movatt, auditor, \$225 to \$185; Thomas Walker, assessor, \$225 to \$185; R. C. Chown, store and wages \$250 to \$185.

The mayor recommended retaining salaries on present basis, paying a certain percentage of the cost of the reduction to be paid when the city became financially able.

A committee representing the Civic Service association appeared before the committee, advising that if the city is allowed to remain where they are at the present time and that such percentage be paid in cash, the city would be permitted, the balance to be cumulative, to be paid without interest, at any future time when the city should have recovered from its present financial straits.

The committee, which by this method the saving would amount to some \$24,000 per year to the city, while if salaries were reduced, the deferred payments allowed, the same would amount to less than \$10,000. It was also maintained that the cost of living has not been reduced but rather increased, and that many employees have assumed responsibilities, such as purchasing homes, which reduced salaries would not meet. It was also argued that the employees of the city department should not be compelled to suffer any more than employees having labor unions behind them to maintain a scale of wages, such as the street railway and electric light departments. The special committee was asked to consider the fact that if salaries were reduced it will be a difficult matter to return them to the present standard. Rather than submit to an actual reduction of salaries, with no deferred payment, the employees' committee suggested that the salaries be not disturbed but that a portion be paid to the employees and the balance turned over to the city relief bureau for charity.

Alderman Douglas maintained that by deferred payments the city would still have liability which it might not be able to pay. He advocated a further reduction of the number of employees of the various departments. The mayor declared that he would consent to a general reduction of salaries, only on condition that all salaries be restored to the present standard just as soon as conditions returned to normal. Mr. McNamara stated that every dollar that might be taken from the employees was merely a present to the city treasury.

Alderman Smith said that the situation is so serious at this time that he did not feel like placing a liability on the city relief it cannot meet, but at some time would like to pay every employee what he is getting today if such a course were possible. He expressed the belief that the "war situation might become so serious that the city might have to live within itself."

The committee finally decided to recommend that the council reduce salaries be reduced along the lines suggested by the report of the finance commissioner, with the understanding that all salaries be restored to normal as soon as the financial situation will warrant.

The report to be made to the city council Tuesday night will also recommend that the council consider the action of last Tuesday night of reducing the salary of the industrial commissioner to \$100 per month and depriving him of his stenographer and include that department in the general schedule of reduction of salaries. This will give George M. Hall a salary of \$240 per month and his stenographer about \$65.

### JOHNSTONE WALKER'S DAILY STORE NEWS

Closing Again Wednesday at 1 o'clock for the Last Time This Season.

Two Rousing 8.30 a.m. Shopping Calls From Our Big FOOT-WEAR Dept. for Women and Misses

WE'RE out for new selling records, for a half-day's business, in the Footwear Sections, Wednesday a.m. Offering two special Clearance groupings of women's and misses' Footwear at Half Price and Less!

Just imagine the scuffle there'll be in hundreds of Edmonton homes Wednesday a.m. in an effort to be here at 8.30!

Grouping No. 1 Includes: \$3.00 to \$4.00 Values in Women's and Misses' Fine Shoes at \$1.50

This grouping will only be of interest to those with small and medium size feet, as sizes are from 2 to 4. They are smart new lasts in button and lace styles, in patent leather, gunmetal, and victrola in black or tan, with flexible new soles and high or low heels; cast fitting and well finished; sizes 2 to 4 only. Regularly \$2.00 to \$4.00. \$1.50

Grouping No. 2 Offers Choice of a Splendid Grouping of Women's \$3.00 to \$5.00 Oxfords at \$1.50

Once women get a peep at these splendid Oxfords few will be satisfied with anything less than a couple of pairs. They are in a great variety of styles in blucher or button styles with cloth tops—in dog-eared, Russia Calf and Gunmetal—in black, brown, or tan, with high or low heels; not all sizes in any line, but all sizes represented; sizes 5 to 8. Regularly \$3.00 to \$5.00. \$1.50

1000 Yards of 15c and 20c Ginghams and Chambrays Wed 10c

TEN CENTS per yard for these lovely 15c and 20c wale fabrics will create the liveliest shopping commotion witnessed in this section for many a day. It's a saving opportunity of special interest to mothers busy getting the children ready for school.

1000 yards Anderson's Scotch Ginghams and Chambrays in plain colors, checks and stripes, in a splendid assortment of desirable colorings; 27 inches wide. Regularly 15c and 20c yd. 10c

Special Wednesday a.m. 10c

One Dozen Only Women's and Misses' \$3.50 to \$4.50 Ratine Coatees Clearing Wednesday a.m. at \$1.00

EARLY shopping advise in connection with this special Wednesday a.m. Clearance is entirely uncalled for. Most Edmonton women know the response such an announcement made by this Store always gets and will govern themselves accordingly. The doors swing open at 8.30 sharp.

These fashion favored Summer Jackets or Coatees are of Cotton Ratines in sky, pink, mauve and white; some have collars of white voile with hemstitched edge, while others are edged with frillings and smart sizes. Regularly \$3.50 to \$4.50. Clearing Wednesday a.m. at \$1.00

Women's English Satin Underskirts Special at \$1.50

Scores of women will take advantage of this splendid opportunity to secure one of these handsome underskirts. They are of soft English satin, finished with a ten-inch knife pleated flounce; shown in black, rose, cerise, Copenhagen, tan and Paddy; assorted sizes. Special value \$1.50

Horrockses 50c & 60c Bleached Sheetings Wed. a.m. 35c yd

A saving of 15c to 25c yard on this well known brand of sheeting will be welcomed by scores of homes, hotels and rooming houses.

These splendid sheetings are of Egyptian Cotton yarn in plain or twill weave; 72 to 81 inches wide. Regularly 50c to 60c yard. 35c

Special Wednesday a.m. 35c

95c Gives Mothers Choice \$1.50 to \$2.50 Children's Wash Dresses

WHILE every solitary garment in the lot is a bargain in the true sense of the word, there is, undoubtedly, an advantage in early selection.

They are of fine Scotch Ginghams and percales, in stripe, dot or plain solid colors; in shades of blue, pink, natural or navy; made up in a variety of pretty styles, trimmed distinctly with contrasting material and in shades to harmonize; sizes 8 to 14 yrs. Regularly \$1.50 to \$2.50. Special Wednesday a.m. 95c

Ready for a Brisk Morning's Selling in the Boys Dept. With Pants, Jerseys and Caps at Savings

THE very fact of School opening in another week gives promise of a rousing big morning's business in the boys' Dept. Pants, Jerseys and Caps at worth-while savings are the special price inducements.
